Health care providers can visit uhcprovider.com/exchange.

Frequently asked questions

Which diabetic supplies are covered by my Colorado Options Individual & Family medical plan from UnitedHealthcare?

In addition to prescription coverage, your plan's medical benefit may also cover some diabetic supplies, like continuous glucose monitors, at \$0 cost-sharing. All forms of continuous glucose monitors are provided when clinical guidelines are met and when obtained from sources designated by your health plan. Insulin pumps and insulin pump supplies are provided when clinical guidelines are met and when obtained from sources designated by your health plan. Call the phone number on your health plan ID card for more information.

What if my diabetic supply is not covered?

If your healthcare provider (doctor, nurse practitioner, etc.) determines you need a diabetic supply that is not covered by your plan, they can let us know it is medically necessary and provide information about your diagnosis and treatment history. If the request to cover a non-covered diabetic supply is approved, you will pay a \$0 cost-share, not subject to a deductible.

- **Healthcare providers:** Contact OptumRx by calling **1-800-711-4555** or submit an online request at professional.optumrx.com
- **Members:** If you need help, you can start a request at myuhc.com/exchange or by calling the member services number on your ID card, and we can contact your healthcare provider for information to help process the request.

It is always recommended that you refer to your benefit plan materials to determine your coverage for medications and their cost share. Where any differences are noted, the benefit plan documents will govern. For certain drugs as indicated on the Prescription Drug List, UnitedHealthcare limits the amount of the drug being filled per copayment or over a certain period of time.
