Understanding your prescription drug list

What is a prescription drug list (PDL)?

A PDL or a formulary is a list of covered prescribed medications or supplies chosen for their safety, cost, and effectiveness. Medications are listed by categories or classes and are placed into cost levels known as tiers. It includes both brand and generic prescription medications.

To create the list, UnitedHealthcare® is guided by the Individual and Family Plan Pharmacy Management Committee. This group reviews which medications will be covered, based on how well the drugs work, and overall value. They also make sure there are safe and covered options.

How do I use my PDL?

You and your healthcare provider can use the PDL to help you choose the most cost-effective prescription medications. This guide tells you if a medication is generic or brand, and if special rules apply. You can reference this list when you see your healthcare provider. If your medication is not listed here, please visit myuhc.com/exchange or call the Member Services number on your health plan ID card.

What are tiers?

Tiers are the different cost levels you pay for a medication. Each tier is assigned a cost, and you can find cost-sharing information in your plan documents. This determines how much you will pay when you fill a prescription at a network pharmacy. Using lower-tier medications can help you pay your lowest out-of-pocket cost. If you are prescribed a medication on a higher tier, you should discuss with your healthcare provider if a lower tier medication may be appropriate for your condition. In the chart below, the overall value is based on factors such as medication's effectiveness, safety, cost, and the availability of alternative medications to treat the same or similar medical condition.

Tier	Cost-share	Includes
1	\$0	\$0 Cost-share Preventive medications are available at no cost to you.
2	\$	Lower cost-shares
3	\$\$	Medications that offer the greatest overall value, which includes mainly generic medications.
4	\$\$\$	Mid-range cost-share Medications that offer good overall value, which includes preferred brand name medications.
5	\$\$\$\$	Highest cost-shares
6	\$\$\$\$\$	Medications that offer the lowest overall value.

Coverage details

What are coverage requirements or limits?

Some medications on your PDL have extra requirements before they can be covered. A few of the most common coverage requirements or limits are prior authorization (PA), step therapy (ST), and quantity limits (QL). We use programs like these to help make sure the medication you take is safe and effective. Check your plan documents for more information.

In this drug list, some medications are noted with letters next to them to help you see which ones may have coverage requirements or limits. Your benefit plan sets how these medications may be covered for you. To get a medication that has a coverage requirement or limit, see the "Prior authorization and exception requests" section.

About this PDL

Where differences between this document and your benefit plan exist, the benefit plan documents rule. This may not be a complete list of medications that are covered by your plan. Please review your benefit plan for full details.

PA	Prior authorization required UnitedHealthcare requires you or your healthcare provider to obtain prior authorization for certain drugs to be sure the drug is most appropriate for your condition. This means that you will need to get approval from UnitedHealthcare before you fill your prescriptions. If you don't get approval, the drug may not be covered.
QL	Quantity limit For certain drugs, UnitedHealthcare limits the amount of the drug being filled per copayment or over a certain period of time. We update quantity limits based on medical guidance and Food and Drug Administration (FDA) recommendations. This helps reduce waste and ensures medications are used appropriately.
ST	Step therapy In some cases, UnitedHealthcare requires you to first try certain drugs to treat your medical condition before we cover another drug for that condition. Step Therapy makes sure you are filling medically appropriate and affordable medications.
SP	Specialty medication Limited to a 1-month supply per prescription. Your plan may allow more than a 1-month supply. Refer to your Benefit Plan Documents.
MME	Morphine milligram equivalent Additional quantity limits may apply across all drugs in the opioid class used for the treatment of pain. This additional limit is called a cumulative morphine milligram equivalent (MME) and is designed to monitor safe dosing levels of opioids for individuals who may be taking more than 1 opioid drug for pain management. If your healthcare provider prescribes more than this amount, or thinks the limit is not right for your situation, you or your healthcare provider can ask the plan to cover the additional quantity.
7D	7-day limit if you have not filled an opioid prescription recently If you have not filled an opioid prescription recently, you may be limited to a 7-day supply. This limit is intended to minimize initial duration if you do not have recent history of opioid use. For members who are new to the plan and have a recent history of using opioids, the limit may be overridden by the pharmacy.

Can the PDL change?

Most changes in drug coverage happen on January 1, but during the year UnitedHealthcare may add or remove drugs on the PDL, move them to different cost-sharing tiers, or add or remove restrictions.

When a medication changes tiers, you may have to pay a different amount for that medication. Talk to your healthcare provider to learn about alternatives.

Why are some medications not covered?

A medication may not be covered under your pharmacy benefit when it works the same as or similar to another prescription or over-the-counter (OTC) medication.

What medications are covered under my medical benefit?

To learn about medications covered under your medical benefit, visit uhcprovider.com/content/dam/provider/docs/public/resources/pharmacy/IFP-Clinical-Program-Summary-Drug-List.pdf.

Which preventive medications are covered?

Your UnitedHealthcare Individual & Family plan covers certain preventive medications and supplements at no cost to you when filled at a network pharmacy.

Under the Affordable Care Act (ACA) of 2010, prescription and over-the-counter (OTC) preventive medications and supplements include:

- Aspirin to prevent preeclampsia during pregnancy
- Birth control (contraceptives)
- Breast cancer preventive medications

- Bowel preparation for a colonoscopy needed for colon cancer screening
- Fluoride to prevent dental cavities
- Folic acid to prevent birth defects
- Gonococcal Ophthalmia Neonatorum preventive medications
- Human Immunodeficiency Virus (HIV) infection pre-exposure preventive medications
- Statin medications to prevent cardiovascular events
- Tobacco cessation medications to help you quit smoking
- Vaccines

We follow recommendations by the U.S. Preventive Services Task Force, Health Resources and Services Administration, and Advisory Committee on Immunization Practices.

Preventive medications are listed as Tier 1 or are noted as \$0 Copay medications in this drug list. Some medications are available at no cost to you only when certain requirements are met. As noted in this list, we may need your healthcare provider to provide information about your medical condition to confirm that you meet the requirements to obtain the preventive medication at no cost. Follow the steps in the “Prior authorization and exception requests” section below. If you qualify, you can receive these drugs at \$0 cost-share. If you do not qualify, you are responsible for the customary cost-share amount for your plan.

Prior authorization and exception requests

Some medications require prior authorization or may need an exception. This includes medications that:

- Require a prior authorization, including compounded prescription medications
- Require step therapy
- Exceed quantity limits
- Exceed opioid safety edits
 - 7-day supply limit for members who have not filled an opioid prescription recently or
 - Opioid use that exceeds the established morphine milligram equivalent (MME) level
- Are not listed in the PDL (also called non-formulary drugs)
- May be covered at no cost when specific requirements are met such as preventive medications.

How can I get a medication that requires a prior authorization or an exception?

Optum Rx, our Pharmacy Benefit Manager, processes prior authorization and exception requests on behalf of UnitedHealthcare Individual & Family plans. Contact your healthcare provider to submit a request. Healthcare providers can submit a request:

- Online: professionals.optumrx.com/prior-authorization.html
- Phone: **1-800-711-4555**

The request should include the diagnosis, medication history, clinical justification, medical records/lab tests as needed and other supporting information. If information is missing, Optum Rx will contact your healthcare provider and request additional information.

If you need help, you can also start a request at myuhc.com/exchange or by calling the member services number on your ID card, and we can contact your healthcare provider for information to help process the request.

We'll send written notification of the decision to both you and your healthcare provider. If your healthcare provider does not agree with the decision, this notification will provide instructions on requesting a peer-to-peer review or requesting an appeal.

How can I get a medication not listed on the PDL covered?

You, your authorized representative or your healthcare provider can ask for a coverage request by following the instructions above. Once the request is received, a decision will be provided within 72 hours, unless there are exigent circumstances and an expedited review is requested, in which case a decision will be provided in 24 hours. These responses may be shorter based on state laws. If the request is denied, information will be provided describing the process to appeal that decision and request an external review.

Medication tips

What is the difference between brand-name and generic medications?

Generic medications contain the same active ingredients (what makes the medication work) as brand-name medications, but they often cost less.

What if my healthcare provider writes a brand-name prescription?

If your healthcare provider gives you a prescription for a brand-name medication, ask if a generic or lower-cost option could be right for you. Generic medications are usually your lowest-cost option.

What if I am taking a specialty medication?

Specialty medications are for rare or complex conditions and are usually higher-cost medications. Specialty medications are indicated with SP throughout the PDL.

Please note, not all specialty medications may be available at a retail pharmacy. If you have a question on how to access covered specialty medications, call the number on your health plan ID card or visit myuhc.com/exchange.

Reading your PDL

The PDL gives you choices so you and your healthcare provider can decide your best course of treatment. In this PDL, brand-name medications are shown in UPPERCASE (for example, BREO ELLIPTA). Generic medications are shown in lowercase (for example, atorvastatin). There are two ways to find your drug within the PDL:

1. The drugs in this formulary are grouped into categories depending on the medical conditions that they are used to treat. For example, drugs used to treat an infection are generally listed under the category, Antibacterial. If you know what your drug is used for, look for the category name, then look under the category name for your drug.
2. Alphabetical Listing – if you are not sure what category to look under, you should look for your drug in the Index. The Index provides an alphabetical list of all the drugs included in this document for both brand name drugs and generic drugs. Review the Index to find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to that page listed in the Index and find the name of your drug in the first column of the list.

Questions

Review your Policy for more information about your pharmacy benefit.

Call the Member Services number on your health plan ID card.

Register or login to your online account at myuhc.com/exchange to:

- Find a current list of covered medications
- Find a participating retail pharmacy by ZIP code
- Learn about home delivery
- Look up possible lower-cost medication alternatives
- Compare medication pricing and options

Over-the-counter medications

An over-the-counter (OTC) medication may be the right treatment for some conditions. Talk to your healthcare provider about available OTC options. Even though OTC medications may not be covered by your pharmacy benefit, they may cost less than a prescription medication.

Drug name	Drug tier	Notes
Analgesics		
Nonsteroidal anti-inflammatory drugs		
aspirin 81 oral tablet delayed release	1	\$0 Copay for members between ages of 16 to 49.
aspirin adult low dose	1	\$0 Copay for members between ages of 16 to 49.

Language Assistance Services

English
If you need help in another language or you need another format, like large print, please call the member number on your health plan ID card, TTY / RTT 711. Translation services and interpreters are available at no cost to you.
Español
Si necesita ayuda en otro idioma o en otro formato, como letra grande, llame al número para miembros en su tarjeta de ID del plan de salud, TTY/RTT 711. Los servicios de traducción y de interpretación están disponibles sin costo para usted.
中文
如果您需要以其他語言提供的協助，或您需要其他形式版本，例如大字體，請撥健保計劃會員卡上的會員電話，聽力語言殘障服務專線 / 即時訊息 (TTY / RTT) 711。可免費向您提供翻譯服務和口譯員服務。
Tiếng Việt
Nếu quý vị cần trợ giúp bằng ngôn ngữ khác hoặc quý vị cần định dạng khác, như bản in cỡ lớn, vui lòng gọi đến số điện thoại dành cho hội viên trên thẻ ID chương trình hiểm y tế của quý vị, TTY/RTT 711. Có sẵn các dịch vụ dịch thuật và thông dịch viên miễn phí cho quý vị.
한국어
귀하가 다른 언어로 도움이 필요하거나 큰 활자와 같은 다른 형식으로 필요한 경우 귀하의 건강보험 ID 카드에 기재된 회원 번호, TTY / RTT 711 번으로 전화하십시오. 귀하는 번역 서비스 및 통역사를 무료로 이용하실 수 있습니다.
Tagalog
Kung kailangan ninyo ng tulong sa ibang wika o kailangan ninyo ng ibang format, tulad ng malalaking titik, pakitawagan ang numero para sa miyembro na makikita sa inyong ID card sa planong pangkalusugan, para sa gumagamit ng TTY / RTT, tumawag sa 711. Available para sa inyo ang mga serbisyo sa pagsasalin at interpreter nang wala kayong babayaran.
Русский
Если Вам нужна помощь на другом языке или Вы хотели бы получить этот документ в другом формате (например, крупным шрифтом), позвоните по телефону, указанному на Вашей идентификационной карте участника плана медицинского страхования, линия TTY/RTT: 711. Услуги устного и письменного перевода предоставляются бесплатно.
اللغة العربية
إذا كنت بحاجة إلى مساعدة بلغة أخرى أو تحتاج إلى تنسيق آخر مثل الطباعة بأحرف كبيرة، فيرجى الاتصال برقم هاتف الأعضاء المُدرج على بطاقة مُعرف العضوية الخاص بخطتك الصحية، TTY/RTT 711. تتوفر خدمات الترجمة التحريرية والمترجمين الفوريين دون أن تتحمل أي تكلفة.
Français
Si vous avez besoin d'aide dans une autre langue ou souhaitez un autre format, par exemple en gros caractères, veuillez appeler le numéro d'assuré figurant sur votre carte d'assurance, ATS / RTT (texte en temps réel) 711. Des services de traduction et des interprètes sont disponibles gratuitement.
