How to choose coverage

See if your business is eligible

You'll need to meet 4 requirements before buying a SHOP group health plan:

Principal employee worksite

Your business must have an employee office or worksite in Massachusetts.

Number of employees

You must have 50 or fewer full-time equivalent employees (FTEs).

Offer health care coverage to all full-time employees

You'll need to offer coverage to any employee who works an average of 30 or more hours per week.

Valid federal employer ID

You must have a valid federal employer identification number (EIN).

Choose coverage options

You can offer your employees 1 plan or a choice of plans. There are 4 categories (metal levels) of plans.

	Bronze	Silver	Gold	Platinum
Monthly premium	\$	\$\$	\$\$\$	\$\$\$\$
Copay (cost per visit/ prescription)	\$\$\$\$	\$\$\$	\$\$	\$
Is this plan category right for you?	Employees want to balance monthly premium, copay and deductible costs. There are several choices in between the Bronze and Gold plans.		Employees see doctors more often and are willing to pay higher monthly premiums to lower their copay. Platinum plans offer the most benefit-rich coverage.	

Choose how to offer coverage

In Massachusetts, you can choose 1 of 3 ways to offer coverage to your employees:

- 1 Choose all Bronze, Silver, Gold or Platinum plans from 1 carrier
- 2 Choose all plans from 1 metal level across all carriers
- 3 Choose 1 single plan from 1 carrier

Narrow down your plan options

To help you narrow down the plan options, think about what is most important to you and your employees.

UnitedHealthcare Navigate® plans

Broad, national access to physicians and hospitals, no out-of-network coverage. Primary care physician selection and referrals required to see a specialist.

UnitedHealthcare Choice plans

Broad, national access to physicians and hospitals, no out-of-network coverage, no referrals needed to see a specialist.

UnitedHealthcare Choice Plus plans

Broad, national access to physicians and hospitals, out-of-network coverage, no referrals needed to see a specialist.

Next, choose plan features

With many plans to choose from, give your employees the control to pick deductible levels, health savings account (HSA) compatibility and cost-share levels that are right for them.

Additional considerations

See if you qualify for a tax credit

If you have fewer than 25 FTEs, you could be eligible for the small business health care tax credit worth up to 50% of your premium costs (up to 35% for nonprofit organizations). Plus, for-profit organizations could also deduct the remaining part of their premium on their taxes.

Coverage in every plan

These plans cover 10 essential health benefits, preventive care and pre-existing conditions.

Preventive care

Checkups, flu shots and vaccinations.

Essential health benefits

Prescriptions, ER care and lab tests.

Easier access to care

Your employees have access to quality doctors, clinics and hospitals with our health plans. In fact, we screen providers and facilities for care quality and cost-efficiency. If employees have a question or need advice, they can call the phone number on their health plan ID card.

Your employees can use tools to manage their health and costs

Through online resources, mobile apps and myuhc.com[®], your employees will find:

- Apps, tools and programs to manage health
- Health care cost estimator
- Health care provider search
- 24/7 access to benefit information

24/7 Virtual Visits

Access to health care providers for minor health issues from a computer, tablet or mobile phone.*

UnitedHealthcare Navigate plans

UnitedHealthcare Insurance Company

Navigate offers quality health plans with a primary doctor to coordinate care.

How does it work?

Your employees pick a primary care physician (PCP) to be their main doctor. This doctor gets to know them, manages their health care and refers them to specialists (if needed). The health plan will only pay for visits to network providers, so your employees will need to check their plan before they visit a doctor, clinic or hospital. If they see an out-of-network provider for non-emergency services, they will be responsible for all costs.

Your employees can search for a list of network providers at uhc.com/shopmadocfindnavigate2024.

UnitedHealthcare Choice plans

UnitedHealthcare Insurance Company

Choice offers broad, national access to physicians and hospitals. No referrals are needed to see a specialist.

How does it work?

Your employees have the choice to see any doctor or specialist without a referral in the network. The insurance coverage will only pay for visits to network providers, so your employees will need to check their plan before they visit a doctor, clinic or hospital. If they see an out-of-network provider for non-emergency services, they will be responsible for all costs.

Your employees can search for a list of network providers at uhc.com/shopmadocfindchoice2024.

UnitedHealthcare Choice Plus plans

UnitedHealthcare Insurance Company

Choice Plus offers broad, national access to physicians and hospitals, plus out-of-network coverage. No referrals are needed to see a specialist.

How does it work?

Your employees have the choice to see any doctor or specialist without a referral, in or out of the network. Although the insurance coverage will pay for out-of-network services, it's important to know that employees save money when they stay in the network.

Your employees can search for a list of network providers at uhc.com/shopmadocfindchoiceplus2024.

United
Healthcare

All UnitedHealthcare members can access a cost estimate online or on the mobile app. None of the cost estimates are intended to be a guarantee of your costs or benefits. Your actual costs may vary. When accessing a cost estimate, please refer to the website or mobile application terms of use under **Find Care & Costs** section. The UnitedHealthcare plan with health savings account (HSA) is a qualifying high-deductible health plan (HDHP) that is designed to comply with IRS requirements so eligible enrollees may open a health savings account (HSA) with a bank of their choice or through Optum Bank, Member FDIC. The HSA refers only and specifically to the health savings account that is provided in conjunction with a particular bank, such as Optum Bank®, and not to the associated HDHP. All UnitedHealthcare members can access a cost estimate online or on the mobile app. **24/7 Virtual Visits** is a service available with a Designated Virtual Network Provider via video, or audio-only where permitted under state law. Unless otherwise required, benefits are available only when services are delivered through a Designated Virtual Network Provider. 24/7 Virtual Visits are not intended to address emergency or life-threatening medical conditions and should not be used in those circumstances. Services may not be available at all times, or in all locations, or for all members. Check your benefit plan to determine if these services are available. Certain **preventive care** items and services, including immunizations, are provided as specified by applicable law, including the Patient Protection and Affordable Care Act (ACA), with no cost-sharing to you. These services may be based on your age and other health factors. Other routine services may be covered under your plan, and some plans may require copayments, coinsurance or deductibles for these benefits. Always review your benefit plan documents to determine your specific coverage details.
